

FundFinder FAQs: How to Follow a Fund to Receive Open Fund Notifications

To follow a fund, you must first create an account or log in to an existing account. For detailed instructions on how to create an account, refer to our [FAQs page](#).

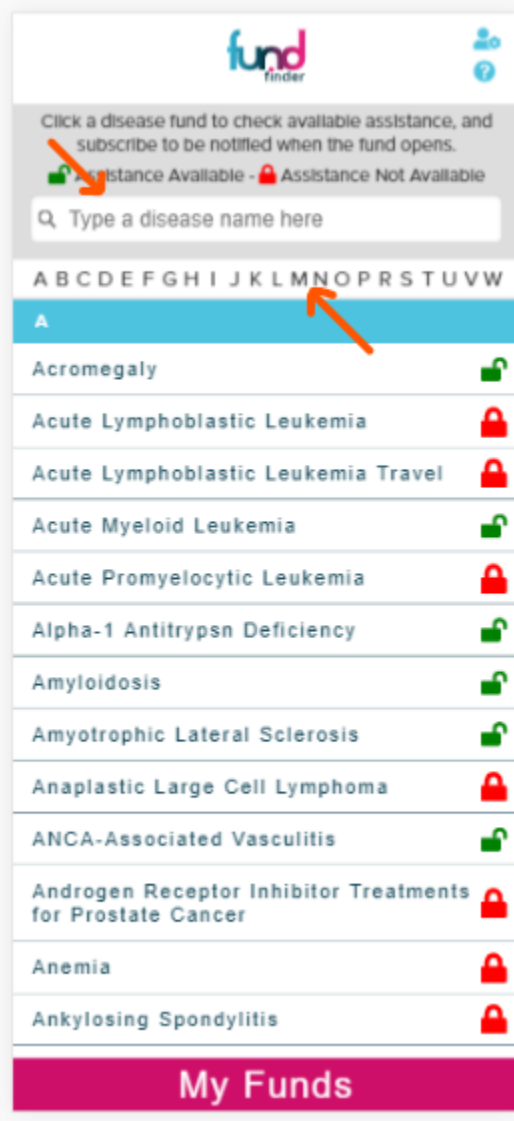

Once you have created an account:

1. Visit fundfinder.panfoundation.org on any internet-enabled device. The app is not currently available in the App or Google Play Stores.
2. Log in with your activated email and password.

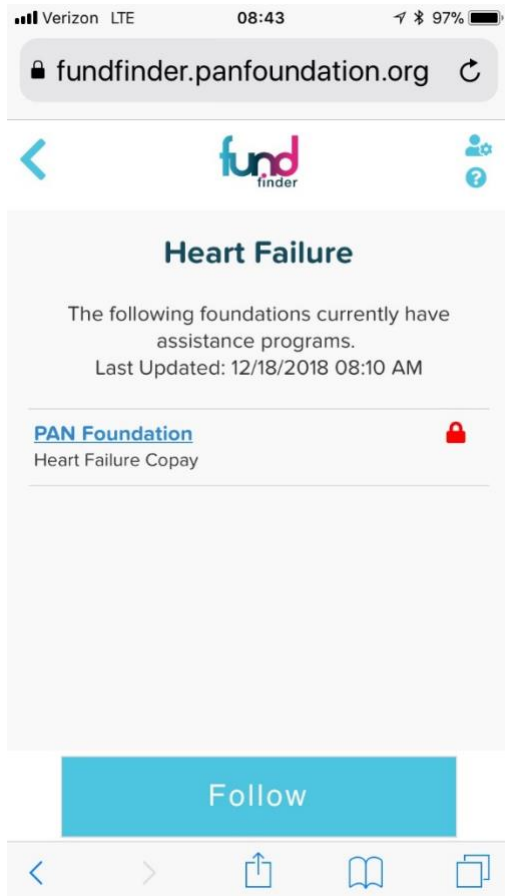

The image shows a mobile application interface for FundFinder. At the top, there is a logo for 'fund finder' with 'fund' in blue and 'finder' in pink. Below the logo, a text box states: 'FundFinder helps you quickly find financial assistance from charitable foundations.' Underneath, it says 'Please log in below, or click sign up.' There are two input fields: the first contains the email address 'dshrestha@panfoundation.org' and the second contains a masked password '*****'. A red arrow points from the password field to the 'Forgot my password' link. Below the input fields are two buttons: a blue 'Log In' button and a dark blue 'Sign Up' button. At the bottom of the screen, the 'PAN Foundation' logo is displayed.

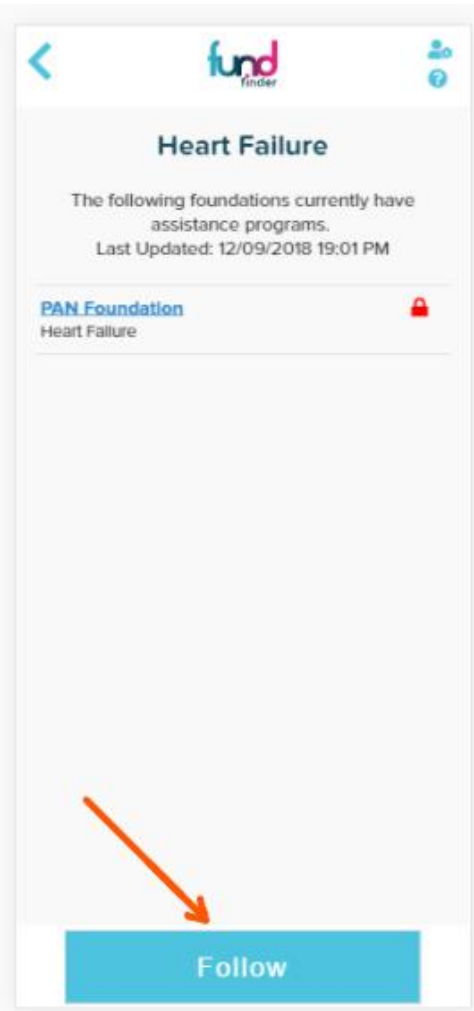

3. Once you have successfully logged in, you will be directed to the FundFinder homepage which lists disease funds alphabetically.
 - A **green unlocked icon** next to a disease fund means there is at least one foundation with available patient assistance.
 - A **red lock icon** means patient assistance is currently unavailable across all the foundations.
4. To follow a fund, first find the disease fund for which you wish to receive notifications. To explore the listed disease funds, you may:
 - Scroll up and down the list
 - Click on the letter of the alphabet that the disease fund begins with
 - Make a search entry using the **Type a disease name here** field

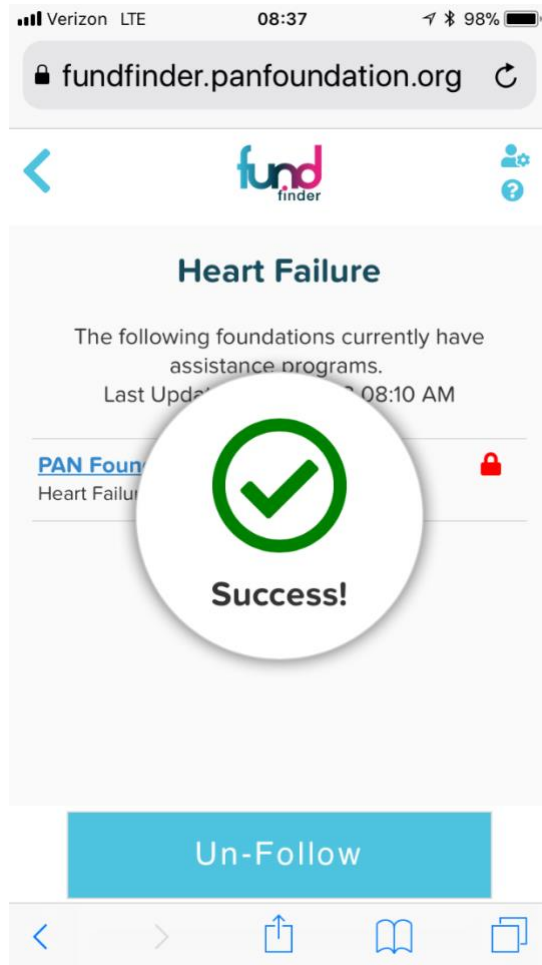

- Once you have located a disease fund you wish to follow, click on the name of the disease fund to see details.

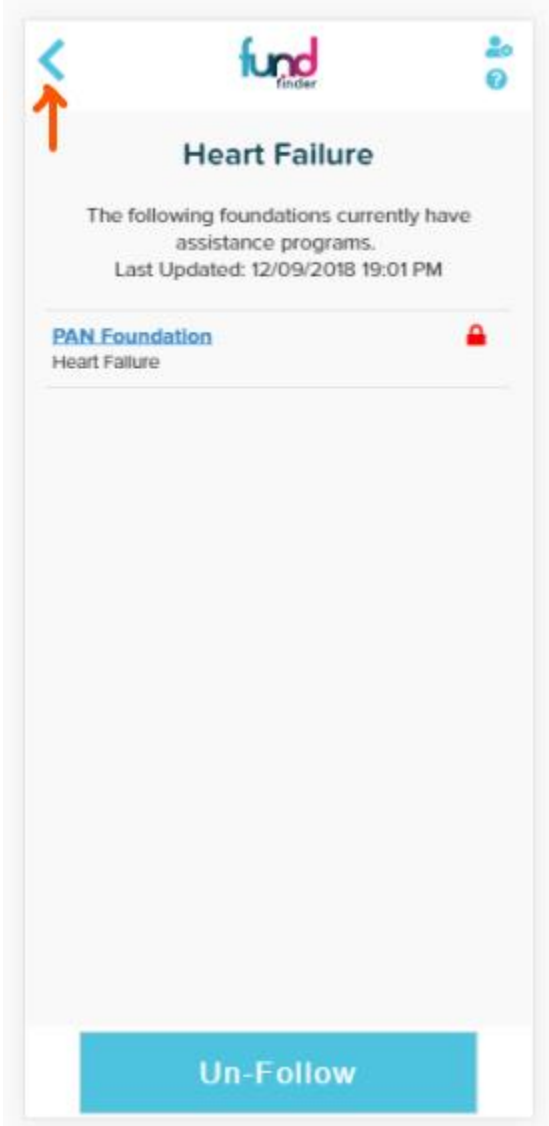

6. Within the disease fund details, click **Follow** to receive email or text message notifications when that disease fund opens.

- When you have successfully followed the fund, a **green checkmark icon** will appear.

- To return to the homepage, click the **back icon**.

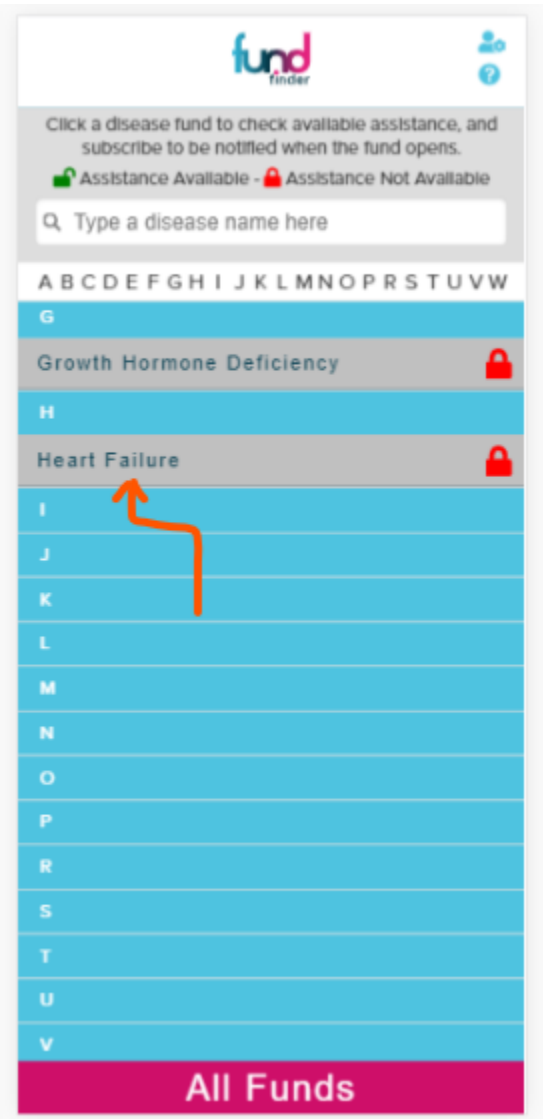

9. To see a complete list of the disease funds you are following, click **My Funds** at the bottom of the homepage.

The screenshot shows the 'fund finder' website interface. At the top, there is a logo for 'fund finder' and a user profile icon. Below the logo, there is a navigation bar with the text: 'Click a disease fund to check available assistance, and subscribe to be notified when the fund opens.' Below this, there is a legend: a green padlock icon for 'Assistance Available' and a red padlock icon for 'Assistance Not Available'. A search bar contains the placeholder text 'Type a disease name here'. Below the search bar is an alphabetical index from A to V. The letter 'A' is highlighted in blue. Below the index is a list of disease funds, each with a name and a padlock icon indicating its status. An orange arrow points from the 'Ankylosing Spondylitis' row down to a pink button labeled 'My Funds' at the bottom of the page.

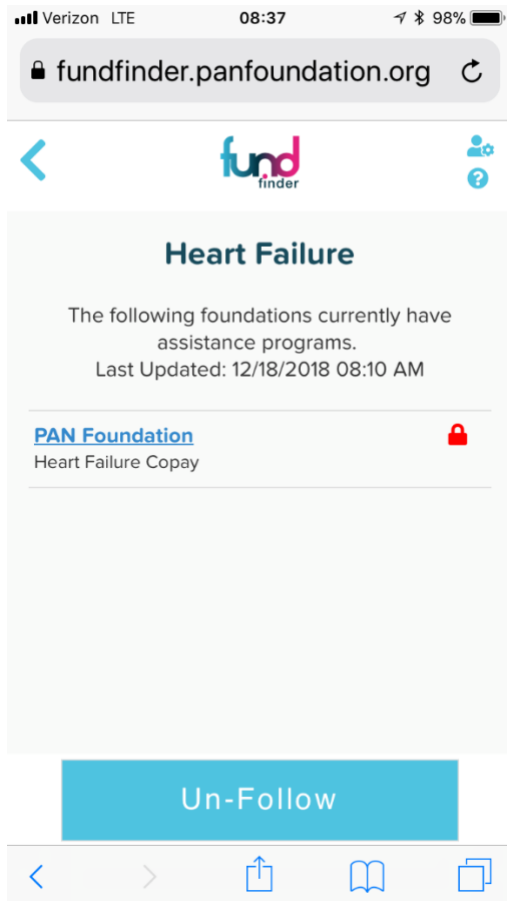

A	
Acromegaly	Assistance Available
Acute Lymphoblastic Leukemia	Assistance Not Available
Acute Lymphoblastic Leukemia Travel	Assistance Not Available

My Funds

10. Within My Funds you will be able to review the funds you follow. To return to the homepage, click **All Funds** at the bottom of the screen.

11. To stop receiving notifications for a disease fund, you may unfollow the fund by clicking **Un-Follow** within the disease fund details.

12. When you have successfully unfollowed a disease fund, a **green checkmark icon** will appear.
